

Hi.  
I'M KATHLEEN HUNTER  
*Would you like to help boost your child's grade level scores in reading, writing, and math? READ ON!*

I am a private tutor who can help your child reach his or her educational goals.

It's as EASY as 1-2-3! Here's how I do it:

1. I assess your child's current skill levels.
2. I design a customized plan that fits your child's individual needs.
3. I engage your child with a variety of fun learning activities that are designed to improve your child's skill sets.

My teaching methods will get your child where he or she needs to be and best of all...

*...It's FUN and FAST!*

Your child will:

- Develop strategies for decoding new words
- Improve reading fluency so reading is more fun
- Learn to self-check for understanding
- Choose writing topics and make every word POP off the page
- Take meaningful notes while reading or listening to a lesson
- Identify clue words to determine the correct mathematical function to use
- Manipulate large numbers into "friendly" numbers to solve math questions
- Excel on standardized state tests
- Build confidence and learning independence

I am also available to help your child learn new extracurricular activities such as chess, crocheting, baking, sewing and garden sense. Believe it or not, these help in the classroom, too!

## LET'S GET STARTED

I have a flexible schedule to accommodate your daily demands. Lessons can be conducted at your home, my home, the library, school, or a parent's office.

If you've decided it's time to give your child a boost, contact me at **425.829.5712** or write **Kathleen@KathleenHunterWrites.com**.
